## REMARKS

AUG 17 2006

The Examiner noted a number of irregularities in the drawings which have been corrected by the accompanying replacement drawings. The Examiner note irregularities within the specification which have also been duly corrected.

The Examiner found claims 1-11, and 13-16 allowable. Claims 12, and 17-18 were found allowable if the 35 U.S.C. 112, 2<sup>nd</sup> paragraph indefinite language was cleared-up. All this has been accomplished by this Office Action. The Applicant would like to thank the Examiner for his recognition of the allowable matter and asserts the application is now in condition for allowance.

Respectfully submitted,

---
